

*Dedicated to Dr. June Hammond*

# Fanfare in the Weeds

for Narrator (optional) and Full Orchestra

*Duration: TBD with Narration*

by Anne E. McKennon

Clover (1:15)	Fleabane ( )
Crabgrass (1:00)	Frogfruit ( )
Dandelion ( )	HOA ( )
Dollarweed ( )	<i>Quantity and Order TBD</i>

Long live community orchestras

A narrated stroll through weeds commonly found in southern lawns and their nemesis, the HOA. (We can't forget the HOA, can we?) Each weed is introduced and depicted in a short fanfare. The fanfares may also be performed individually without narration to introduce a concert.

*Suggestion:* Choose a different fanfare to introduce each concert of the season. At the final concert, play the entire series with narration.

*There's a fine line between weeds, wildflowers, and salad greens.*
